BIORHYTHM CHARACTER ANALYSIS AND COMPATIBILITY is used in this newsletter. The newspapers say what happened, THE TRUTH tells why. Each day has its own set of biorhythm numbers. They tell our true character. To do a chart that shows the ups, downs & critical days, another set of numbers would need to be added to the personal numbers.

THE ELEPHANT MAN

The Elephant Man, Joseph "John" Merricks mother died before he was 11. He carried her picture with him all the time.

Merrick got into freak shows because that seemed to be the only way he could make a living.

Merrick born 8-6-1862
Physical 0 (100%)
Emotional 20 (43%)
Mental 20 (21%)

Merrick needed a lot of attention (#20 emotional). He was a natural child. He had a good mind. It was very important to him. He enjoyed detail work (21% mental). The mental is not the intelligence. He was the type who would rather get attention for his mind than his body. He could think of original ways to do things.

Dr Frederick Treves 2-15-1853
Physical 10 (13%)
Emotional 8 (43%)
Mental 15 (9%)

Dr. Treves presented Merrick at a medical conference in 1884 when Merrick was 22 years old. Dr. Treves gave Merrick his card & did not see Marrick again until 1886. Merrick had gotten stranded & sold all his possessions to pay for his return fare to England. The Elephant Mans appearance caused so much commotion in the train station, the police rescued him. They found Dr. Treves' card in Merricks pocket & contacted him. Treves invited Merrick to come & live in the London hospital.

Dr Treves was a humanitarian (#8 emotional) & could hear what Merrick was saying. They were 70% mentally compatible. Treves wanted to become famous. He was good at talking (all low percentages).

Plays & movies like to say Merrick had an affair with Mrs. Madge Kendal but she never met him. Her husband met him.

Mrs. Kendal born 3-15-1849
Physical 17 (48%)
Emotional 13 (7%)
Mental 29 (76%)

Like Dr. Treves. she toowas a humanitarian (#13 emotional). She sent him books, & her picture & other things to keep him busy. She arranged for field trips for him.

If they had met there would have been a liking for another but not a love. They were 48% physically compatible. There would not have been a physical attraction. They were 50% emotionally compatible & 46% mentally compatible. They were overall 48% alike. At least 60% is needed in each area for two people to get along well. This would have been a so-so compatibility. Nothing compelling in it to get two people personally involved.

Merrick would have been a very sexy man (100% physical) but he was so ugly women would not have wanted to get near him.

Merrick died suddenly 4-11-1890 whenhe was 28 years old. British theater legend says he died for love of Mrs. Kendal. It is my belief he died because he did not have any love from anyone. Dr. Treves was only 14% emotionally compatible with Merrick. They might have only tolerated one another. John got shelter and the doctor could get famous.

We all need love to survive. 28 seems to be a turning point in our lives. Merrick might have realized then he did not want to spend the rest of his life with no love so he laid down to sleep like the rest of us & the weight of his big head crushed his windpipe.

57% PHYSICAL

"Dear Irene:

"I could write a book about the 57% energy level (well a short story anyway!). I, & those I know who have the same level, run flat out until we crash. It is good & yet it is treacherous. Lower energy levels seem to learn to conserve; higher levels have much in reserve. But with 57% you think you can do it all & when you are going, you are going but when

ARE YOU A MAN OR A CHILD?

A man can take care of himself & stand on his own feet. He can pick up after himself, cook, clean, shop, wash clothes, take care of the children, etc.

Most women become adults & most men remain children.

Males, if you do not get the respect you feel is due a man, how can you expect it if you are still acting like a child?

A woman should never go to a car repair place alone, expecially if she has a southern accent. Women are charged more.

JERRY FALWELLS REVENGE

herpes has been around since biblical days & maybe before.

Most people do not hug old folks. Babies die if they are not hugged.

you are out of energy, you are flat out."

M.M., Lakeland Florida

HUGH HEFNER born 4-9-27

His personal biorhythm numbers are: Physical 0 (100%)
Emotional 3 (79%)
Mental 27 (64%)

Hef was a virgin until he was 22. He was a very unattractive young man. He has a high IQ & was able to find a way to bring women to him. He has a high physical (100%). Sex would be very important to him. By starting a sex magazine "Playboy" he was able to gather beautiful women around him. People were afraid of such magazines when he first started his. Being the intelligent man he is, he included helpful, intelligent articles. That meant his magazine had some social redeeming value.

Because sex is so important to Hef he has put a sign, in Latin, by the front gate of the Playboy mansion. It reads "If you don't swing, don't ring."

He is a natural parent (#3 emotional) & needs a family around him. He has his family of bunnies. He needs to have people listen to what he has to say (64% mental).

Hef should be a fulfilled man.

WHITE HOUSE LEAKS

President Reagan said he is fed up with the leaks about the budget. He gave orders to his staff to get official approval before they give information to the public.

Reagan gets so angry when his staff questions certain things that they talk to the press instead of to him. The President is a natural parent whowants to be obeyed without being questioned.

STALLONE AND TRAVOLTA

Sylvester Stallone wrote & is directing "Staying Alive" the sequel to "Saturday Night Fever." It is said he had a horoscope done on John Travolta to make sure they would be compatible. Now they are having a lot of problems. Biorhythm Character Analysis & Compatibility would have foreseen this trouble.

	Sly 7-6-46 *	John 2-18-54
Physical/Confidence	10 (13%)	9 (22%)
Emotional	3 (79%)	19 (36%)
Mental	28 (70%)	16 (3%)

The only thing these two men have in common is the physical. They are 91% alike in this area. They both lack confidence & stamina but would have enough to do what is important to them but not enough for what others might want from them. It is Slys project so he can work very hard & will work his people long hours. It is closer to his heart than theirs.

Sly is a natural parent (#3 emotional) & John is a natural Child (#19 emotional). These two would not be able to understand the others feelings. There would be a natural distrust (11% emotionally compatible). This would be like a father with a teenage son.

Sly needs to lead or control (70% mental). Because he lacks confidence (13%) he is likely to overreact & would bully to get his way. He has a policeman type personality.

John does not want to be controlled by anyone (3% mental). He is stubborn and excellent at seeing the details of something but not the overall picture. He wants to play the character like he did in "Saturday Night Fever" & Sly wants him to act more mature. John is a natural child & might not know what is expected of him. He might not know how an adult acts.

They are only 27% mentally compatible so cannot hear what the other is saying. There would be a lot of frustration and "You're not listening to me."

Before you get involved with someone get a compatibility done. See order form, page 3.

ADVERTISING RATES TOO HIGH?

At least 500 of your flyers can be mailed with THE TRUTH newsletter for 3½¢ each ($17.50).

My printers will run 500 of your flyers for $17 (one side). Save you from having to send them thru the mails.

That would be $17 plus $17.50 ($34.50). I reserve the right to accept or reject any advertising.

LIBERACE

Pianist Liberace said he is shy when not working & without his trappings.

He has a low confidence (13%) & will always feel insecure no matter how successful he gets. This low confidence also makes him feel more comfortable around people who are younger than himself. They would not be too critical of him or too threatening to him.

NUMEROLOGY - The first vowel has an affect on the total personality.

EA...Energy & ambition.
This drives you to success & great progress if used constructively. All aspects of mental, physical, emotional, spiritual & inspirational traits are evident. Not knowing which to follow may be confusing so the best route is to listen to the good inner guidance. Reasoning may, at times, alter feelings to the point of unreliability.

EE...Enthusiastic energy.
This can lead to overpowering physical desires, but with much spirituality attached causing great conflict. Life's experiences will provide you with the best teachings. Your human understanding & perception is very strong. You could move with such speed that you miss the value of ideas, learning, sources, and situations.

EI...Energy and intensity.
This may cause restlessness & compulsion in your drive to search, but not knowing what to search for. Your soul desires truth bringing much needed peace to your mind. Your physical self can search indiscriminately for contact with new ideas & people, & wanting change for the sake of it only.

EO...Enthusiastic approach to obedience or overindulgence.
There are good possibilities for spiritualism & illumination which provides you with much needed comprehension. There is a conflict between the freedom loving E & responsible O. Harmony of the two produce the desired spirit & inspiration which can develop.

EU...Energy and wonderment.
What to do about the energy marks this influence. It can make you very dependent upon the opposite sex to accomplish your purpose in life. You are a follower rather than a leader & the combination can be both forceful for good & bad ends. You can & need to sell ideas & beliefs to others.

For a complete personality chart & yearly forecast, send full name at birth, birthdate, & $12.95 to: Vibrations Unlimited, P.O. Box 324-TRU, Gasport NY 14067.

MALE OUT OF WORK - Why not hire yourself out to women who have to go to an automobile mechanic. She could pay you a small fee & she would get a smaller bill just by your presence. Mechanics are notorious for overcharging lone women.

SARAH BERNHARDT

Sarah Bernhardt is said to have wanted to be a nun when she was a child even tho she was Jewish. She was said to have had a strange preoccupation with death. When she was 21 she bought a coffin & slept in it often. She kept a boa constrictor in her home & would use it as a foot rest. It used to sleep most of the time but woke up one time when she was giving a party so she shot it.

Born 9-25-1844
Physical 15 (30%)
Emotional 20 (43%)
Mental 10 (39%)

When she saw her first play she realized that is what she wanted to do with her life. She is a born actress (#20 emotional) & would do anything to get attention. She must have gotten a lot of attention announcing to her Jewish parents that she wanted to be a nun.

She was a martyr (39% mental) who loved to say & do things to shock.

Sarah had all low percentages. This means she could con people & could earn her living with talk.

NO HUSBAND/WIFE ROLE MODELS

If abused children tend to become abusive parents, that must mean children learn how to parent from their parents & would copy their other ways too.

What happens to children who are brought up in a one parent home? They don't learn how to be a wife/husband because they do not have a role model.

The natural adult type (#21 thru 27 emotional) are natural pleasers & would do more than their share because they love someone but they cannot keep up that pace. The partner would probably take advantage of this & expect them to continue. A natural adult type would get to feel used & then they will probably divorce.

Children can not learn from TV because that is not the real world. The commericals would make the women feel they have to have things neat & sparkling all the time but that is not true.

Being a husband, wife & parent does not come naturally. Each culture has its own ways that have to be taught. Who is going to teach us now?

A lot of us do not know what is expected of us in a marriage. We are all expected to be alike but we are all different. We are caught in a bind & cannot win.

If we would share, that would work out but it is human nature to let someone do the dirty work we do not want to do. If they do it at first we might expect it all the time & feel they do not love us if they do not want to continue.

How about making a list of the chores. Pick the ones each of you likes to do the best & then share the ones you do not like & trade them off. The ones with the high physical percentages have more energy & should do more of the housework. This would be the adult way to solve this solution but then, not everyone is an adult.

Men are warned not to marry the CLINGING VINE type of woman. Many men are like this. They say they can't thread a needle, can't sew on a button, can't cook, can't pick up their own clothes, can't do a lot of things. Women should be warned not to marry the clinging vine type man.

Men started KISSING THEIR WIVES when they came home from work to smell if she had been drinking.

DRUG ABUSE

Comedian John Belushi died 3-5-82 from a drug overdose. Comedian Jerry Lewis had a big drug problem. 5 years of his life were lost to him because of the drug taking. He managed to function but he does not remember those years at all.

Belushi & Lewis have personalities that are 81% alike.

	John 1-24-49	Jerry 3-16-26
confidence	20 (74%)	21 (83%)
Emotional	22 (57%)	0 (100%)
Mental	19 (15%)	20 (21%)

They both are martyrs (15% and 21% mental). They are attracted to self-destructive things & relationships. Martyrs with high confidence (74% & 83%) tend to rush in where angels fear to tread. This combination also sees more suicides than the average because they are not afraid to do it.

Belushi was a loner (22% emotional) who needed a lot of alone time. It would have been difficult for him to not have his privacy. Taking drugs would let him crawl into himself & be alone there.

Lewis can embrace the whole world (#0 emotional). He is a natural parent/adult. Natural parent types tend to care mainly for their own but the adult type cares about all. On his Muscular Dystrophy Telethon he helps get money for others.

Taking a lot of drugs & chain smoking like Lewis does is a suicide wish. Martyr types tend to have their minds on death most of their lives. A new love affair or job can take their minds off of it for awhile. They need variety & change to make them feel they want to be alive. This earth plane is really not for martyrs.

LOVE YOUR LETTERS but it is increasing difficult to find time to answer them. If you write to me & need an answer, please enclose a stamped envelope. Cannot promise a reply.

LIVE BY THEIR WITS

Some natural ld s with all low percentag... th ..., emotional & mental) prefer (or ...) to live by their wits. They go thru life with the "get them before they get me" attitude. They camouflage their true feelings by being charming long enough to get you under their spell.

They might not be able to hold a steady job if indeed they try to find one.

The above is mostly noticeable in the male. They are expected to work outside the home.

This type seems to want to punish someone (everyone?) so they make the ones who love them suffer. They lie even when telling the truth would be easier. Lying becomes a habit with them.

This type of child-man lets women support him. He seems incapable of accepting any responsibility.

If you stop trying to force him to work outside the home he might take over the "wifely" chores. If he will not even do that much he is just a parasite. He will not grow up. You might as well get him out of your life. When you try, he will cling on so hard you will know you have a parasite there. This would force him to go find another sucker to support him. His purpose in life seems to be to teach weak people to be stronger.

Order a character analysis for someone you know. See order form, page 3.

I KNOW MY WIFE

I did a reading for a man once. He agreed with what I said about him but told me I was all wrong about his wife. "I know her better than anyone. We have been married 25 years." A while later his wife joined us & I gave her a reading & she agreed with what I said. He kept shaking his head in disbelief. It turned out he did not know his wife at all even after 25 years of marriage.

PEN PALS "Right now we both write letters and...calls me & it's great! Whatever happens I shall always be grateful that you had a part in this. Thanks so much." P.S. Evansville IN.

"I have just read your compatibility chart. I found it informative, fascinating & very accurate. E.O. Redway CA.
